At the beginning of each calendar year, all officers and directors of the club shall read the latest version of the Standing Rules as maintained on the club's website. - 3.1.3 Limited Space: If the excursion has limited space this should be noted, and a wait list established in the order of receipt. A random drawing process may also be utilized by the leaders. This should be noted in the Newsteps. The excursion leader has the discretion to accept or not accept members on the excursion.
- 3.1.4 Booking Dates: The excursion leader should advise potential participants not to book airfare, hotels, etc., until the leader advises that the excursion has adequate participants to go forward as planned. The excursion leader should always keep the participants informed of all pertinent excursion information.

- 3.1.9 Money Safeguards: The Excursion Chair may require special safeguards for pooled money for group travel activities. (2019)
- 3.1.10 Disclosing Compensation: If an excursion leader receives compensation (e.g., a fee, commission, discount, or other benefit) from the travel agency, vendor, or entity with which the trip is planned or booked, the leader is expected to disclose that compensation to each trip participant upon sign-up. If there are four or more nominees, each board member will receive three votes and the three nominees receiving the most votes will be retained for consideration. In the event of tie(s) for the third position, the board will vote on the tied nominees with each board member receiving a single vote and the nominee receiving (or nominees if a tie remains) the most votes being retained.
- e) Board consideration of three or fewer nominees: If there are three or fewer nominees or when three nominees have been retained for consideration, a separate vote tally will be used for each nominee, and each nominee who receives a majority of affirmative votes of the board will receive the award. Votes will be counted by the meeting's presiding officer and observed by one director selected by the presiding officer. (A single nomination may be submitted for two people, and if awarded will be considered as a single award. Up to four recognitions may be awarded in a year if two or more of the awards are for deceased members.) (2021)

- a) Plaque for Significant Hike Achievements: To recognize previous and current significant hiking achievements by members and to help identify resources for members considering the same or similar hikes, a Significant Hike Completions plaque will be installed at camp to recognize members who have completely hiked a significant trail.
- b) Definition of Significant Trail: A "significant trail" would be any trail formally recognized by some type of governmental agency, volunteer club or equivalent organization, that exceeds 200 miles in length.
- c) Definition of Hike Completion for CHC Recognition: "Completely hiked" means that the entire length of the trail was hiked; hiking reroutes for trail maintenance and avoiding severe weather exposure, hiking a parallel side trail for resupplying, or missing a turn and hiking a similar parallel trail for a short distance would be acceptable. Receiving recognition for hiking part of a trail by another organization (but not the entire trail) would not be acceptable for this award. The trail may be hiked as a "through-hike" or "sectioned-hike" over any period of time (including prior to CHC membership.) The main point is that the entire trail as recognized by the applicable organization is hiked.
- d) Application Process: The Member Recognition Committee will administer the application process for this award. The member seeking the award (or

if the member is unable to submit the form it may be submitted by a family member or another CHC member on their behalf) would submit the application to the member recognition committee. The committee may seek additional information from the submitter.

- e) Board Approval for Recognition: After the submitter provides the required information to the committee, the chair will present the collected information to the board for approval. Upon board approval, the member's name, trail name, and time frame of the hike expressed in years started and completed will be added to the plaque. (2021)

#### 3.5.6 Annual 40-Mile Hike Recognition:

A pin will be awarded to each member who completes their first 40-mile hike. Certificates will be awarded to each member who completes the annual 40-mile hike. The certificate will indicate the number of annual 40-mile hikes the member has completed. When a member completes 40 annual 40-mile hikes, a plaque will be added to the post(s) on the Jay Beswick trail. (2021)

  - d) The Election Administrator will set up the election so that the administrator cannot see how any member votes.

- 6.1.6 Protests of Election: Any protest of the election shall be made in writing to the Corresponding Secretary before the December board meeting. If ordered by the board to do so, the Corresponding Secretary shall direct the election administrator to perform an audit of the votes. (2021)

## 6.2 Memorial Gifts and Donations

- 6.2.1 Memorial Gifts/Donation Policy: From time-to-time memorial gifts and donations are given to the CHC for various reasons. The board will establish and maintain a standing committee to oversee the use of these funds and make recommendations to the board for approval of usage of the funds.

The committee will solicit recommendations from members providing the funds, active members for whom the funds were donated, family members of the deceased CHC member, and /or general membership inputs on how the funds should be used. The Treasurer will maintain records of all funds received based on the purpose or CHC member. (2015)

## 6.3 Rules for Using the CHC Logo

- 6.3.1. Logo Use Committee: A committee comprised of the webmaster, community engagement chair and a designated board member shall ensure consistent and appropriate use of the logo. (2021)
- 6.3.2 Logo Development and Consistent Utilization: A new logo for the Cleveland Hiking Club was introduced in 2020. Its purpose is to present a consistent, contemporary, polished look for the Cleveland Hiking Club for all marketing and branding for every item that the CHC uses or shares with the public – from artwork to type fonts. The new identity shall be used across all communications so that it becomes firmly established and identified with the CHC. (2021)
- 6.3.3 Logo Color and Font:
  - a) The color for the CHC logo is PMS 377U or R 120 G162 B 47, or C59 M18 Y100 K2 or as a web color 669933 - these are all formulas for the same color depending on the system being used; they all should match the PMS color. Everything else is Black.
  - b) The HIKER figure should never be used separately.
  - c) If the logo cannot be reproduced in the official green and black colors, then it should always be black and white and shades of gray. The logo should never be reproduced in any other color. It can be reversed or knocked out of a color - a white and/or black and gray logo against another color, but it should never appear in any other color.

- d) HELVETICA is the master type font for all CHC internal and external communications, publications, products, and the website. If the HELVETICA font is not available for use, ARIAL (Microsoft’s version of HELVETICA) is the correct substitute font. Although ARIAL is not nearly as versatile as HELVETICA, its design limitations have already been designed into CHC communications.
  - e) IMPACT is the master type font for headings and headlines. The “chc” in the logo is set in IMPACT.
  - f) If IMPACT is not available, HELVETICA BOLD CONDENSED or ARIAL BOLD CONDENSED are acceptable – except where the logo is used. The logo must always be used as designed. (2021)
- 6.3.4 Request to Use the CHC Logo: A request to use the logo for CHC communications must be made and then authorized by the CHC Webmaster Committee, chair of the Community Engagement Committee or another designated board member. If approved, the webmaster will then release the appropriate logo art file for the club project. Different logo art files will work best for different purposes. These logo art files are stored on the website. (2021)
- 6.3.5 Types of Logo Art Files: The logo was created in a scalable version that may be enlarged and still maintain the correct resolution. The png logo file should work for the website and other options. The eps file should work for merchandise. The JPEG is used to insert into a Word document; to Word, the JPEG is a picture. A JPEG should not be inserted into a PDF as it tends to get misinterpreted and distorted. JPEGS are not the same high quality as the PDFs; they are compressed files and there may be a loss of quality. (2021)

## 6.4 Miscellaneous Rules

- 6.4.1 Anti-Commercialization: No member shall use the resources of the Cleveland Hiking Club as a means to offer commercial products or services of any kind to the general membership. Members who are also travel agents, insurance salesman, service providers, or providers of any commercial product or service shall not use club functions, club membership lists, Newsteps, posted signs on club property, general announcements at club gatherings, or any other means to solicit customers from the general membership. This rule does not include commercial transactions carried on in private conversations between members. (2009)
